WON'T RESIGN

The State of His Health. And Business Interests Will Govern His Course.

Germany Fighting Still Against Our Beef.

By Associated Press to the Journal. WASHINGTON, July 12.--Secretary Alger made to a reporter of the Associated Press the first personal statement concerning the reports that he was about to resign from the cabinet.

The secretary said: "There is nothing in the reports. I shall not retire this year certainly. Private business and the state of my health will govern my future course."

These constant assaults and repeated baseless reports are very annoying to me and distress my family, but I have never retired under fire and do not propose to do so.

If my critics can point to one thing in my official career that I have done that ought not to have been done or that have not been done that should be, I will be very glad to surrender my present official duties.

WASHINGTON, July 12.--The offer from a firm of ship brokers doing a large foreign business to purchase the Reina Mercedes and all other war craft captured during the late war has aroused suspicion that Spain is trying to obtain possession of the vessels and thus remove offense to Spanish pride caused by floating the American flag over her ships. The Navy department will not sell any of these vessels.

WASHINGTON, July 12.--The agricultural and state departments have received information that Belgium has removed some restrictions as to the importation of American beef, cattle and pork.

The agricultural department has been informed that Germany, upon learning Belgium's action, issued a decree unfavorable to beef products from Belgium thereby preventing American beef from reaching Germany by shipment from Belgium.

ASSOCIATED PRESS TELEGRAMS.

SAN FRANCISCO, July 12.--Governor Geer of Oregon, and his executive staff have arrived from Portland. They have come to welcome the Oregon volunteers, who are due here on the transports Newport and Ohio, which are expected to come into sight shortly.

A large fleet of steamers and pleasure boats will go outside the Golden Gate to escort the transports to their anchorage.

ASTORIA, July 12.--The people of Astoria are making extensive preparations to give the Oregon volunteers a hearty welcome on their return from Manila. Mayor Bergman has wired General Summers, at San Francisco, as follows: "Astoria is anxious to welcome and banquet the regiment on arrival. Will you hold them here five or more hours? Answer."

Mayor Bergman also wired Governor Geer the following: "Have wired General Summers that Astoria desires to banquet the regiment, holding them here five hours or more. Please co-operate."

WASHINGTON, July 12.--The war departments expect that the transports Newport and Ohio, bringing the Oregon volunteers, will reach San Francisco tomorrow.

day. No limit has been placed by the department on the time the regiment will be allowed to remain in Portland during the reception before it proceeds to Vancouver for muster out. All expense of transportation is borne by the government.

Salem special to Portland: The citizens of Salem are much pleased by the news that the Oregon volunteers are to return by way of Portland. When it was reported that the regiment would be landed at San Francisco, it was feared that the boys would not come home in a body, and that a suitable reception could not be given them at Salem. Since it seems to be settled that the volunteers will come to Portland, an effort will probably be made to secure a farewell for companies K and M, in order that they may come on to Salem and Woodburn to visit their homes before being mustered out.

SEATTLE, Wash., July 12.--The battleship Iowa was floated out of the dry dock at the Port Orchard naval station last night. She started out at 7:30, and by 8:30 was anchored in the Sound. The event was witnessed by a large number of excursionists from this city. While in the dock the Iowa was thoroughly cleaned, and bilge keels were put on.

SILVERTON, July 12.--The people of Silverton are making preparations to give the volunteers who went from this city and vicinity a reception on the Wednesday following their arrival. Committees have been appointed from the G. A. R., Sons of Veterans, Woman's Relief Corps and citizens.

Arrangements are being made by the citizens here to attend the reception to be given the volunteers at Salem.

OUR BOYS HOME AGAIN

Transports Ohio and Newport Sighted at San Francisco.

BELLS RINGING AND WHISTLES BLOWING AT SALEM

The News of Their Safe Arrival Sets the Entire Population of the State Ablaze With Enthusiasm.

By Associated Press to the Journal.

At 2:40 p. m. the Western Union Telegraph company at Salem got a tip over the wires that the Oregon volunteers were sighted at San Francisco. Immediately the bells were ringing and whistles blowing all over the city.

The First Telegram. received at Salem was following brief dispatch in THE JOURNAL's day Associated Press report:

SAN FRANCISCO, July 12.--The Transports Ohio and Newport with returning Oregon volunteers were sighted off the harbor at 2:30 p. m.

When first sighted the transports were possibly twenty miles at sea. From telegraph hill the vessels gradually came into perfect sight and the Bay City burst into blazing and thundering enthusiasm, the guns at the Presidio answering the cannonades at Mare Island navy yard and the guns at the Mole.

The transports will not reach this city until about 6 o'clock. It is not known yet whether the Oregon troops will be allowed to land here. The city is in a great state of excitement. Gov. Geer of Oregon will try and get an order from Washington to allow the troops to come ashore here for a short time.

WASHINGTON, July 12.--Unless some change is made, the plan now arranged for the Second Oregon is that the regiment will go to Astoria on the government transports and will then be transferred to the river steamers, chartered by the quartermaster's department, taken to Portland, and after the reception at Portland will be taken to Vancouver, where they will remain until mustered out.

It will be some time before the muster out takes place, as there must be an accounting of property and a settling of accounts with each company. Payments are very particular in the final settlements, as any mistake would mean a loss to them, as there will be no further dealings with the regiment when the final settlement is made, and the money paid over.

Getting Ready. VANCOUVER, Wash., July 12.--Extensive preparations are being made at Vancouver barracks for the reception and accommodation of the Oregon volunteers, upon their return from Manila for muster-out here. Company barracks and officers' quarters are being repaired and put in order, and a large number of service tents are being erected in the grove in the rear of the barracks, for the accommodation of a portion of the regiment. There is barracks accommodation for eight companies, including one company of Twenty-fourth infantry now here.

To Meet the Volunteers. The G. A. R. committee in Portland have chartered a steamer for Astoria to meet the Second Oregon. Fare round trip, Portland to Astoria and return \$1. Ample notice will be given Salem that her G. A. R. men may participate. All persons desirous of joining the G. A. R. excursion from Portland can leave their names with Maj. D. C. Sherman.

Woodburn Franchises. The Woodburn city council Tuesday evening granted water and light franchises to J. B. Kurtz of Portland who will proceed at once to invest about \$10,000 total cost in a plant to furnish electric light and water for thirty years. It will be a pumping system and free use to the city of hydrants for fire protection. The rate will be 40 cents a month for incandescent lights, \$1.25 a month for water, first January. A street lighting rate is not yet agreed upon.

Sunday by the Sea. C. H. Markham has put on a special seaside train service from Portland to Yaquina bay to enable the people to go over Saturday night and return Monday morning, with sleeping car both ways. The rate is very low for first-class service. Salem to Newport and return without berth \$3.10. With berth \$5.10.

Good for Man or Beast. As many horses have the distemper or epizootic, people who handle them should guard against taking the disease. Use the best preventative Chloro-Naptholeum.

San Francisco Excursion. Only \$17.50 for the Round Trip. Plenty of time to see everything. AN IDEAL SUMMER OUTING. Leave Salem August 3d. Side trips to Mt. Hamilton, Tumulapias, Berkeley, Palo Alto and various places of interest. For detailed information and tickets, enquire of W. W. SKINNER, or H. D. PATTON, Salem, or DR. C. W. BARR, Manager, Lebanon, Ore.

QUARANTINED

All Officers and Employees Forbidden to Enter the City of Santiago.

All Saloons and American Hotels Ordered Closed--Other News.

By Associated Press to the Journal. SANTIAGO, July 12.--General Leonard Wood, in command of the department of Santiago, issued an order today establishing an absolute quarantine.

All officers and employees of the government are forbidden to enter the city with the exception of those belonging to the department.

The mayor is directed to close all the American hotels and saloons, and to forbid other liquor dealers to sell intoxicants to Americans and to arrest all intoxicated Americans or loiterers in saloons.

Mail to the Second Oregon! The song of welcome, "Hail to the Second Oregon," composed by City Recorder N. J. Judah, and published in the Daily Oregonian, has been completed by the addition of a chorus. It has been set to music by Prof. Parvin, and will be published in popular form at an early date. The proceeds from the sale of the same, less actual cost, will be donated to a fund for a monument for the regiment. The verse and music are excellent. They have the true patriotic ring, and will soon be sung in every city, village and hamlet at the state.

TRAIN ROBBERY. Passengers Not Molested--Large Amount of Money Taken.

By Associated Press to the Journal. DENVER, Colo., July 12.--The South-bound passenger train, on the Colorado and Southern railway was robbed by four men at a point five miles south of Folsom, N. M., last night at the same point that the passenger train was held up last September.

After the train came to a standstill and the crew were intimidated by guns, the robbers used dynamite with good effect, blowing open the express car. Railway and express officials state that positively nothing was secured by the robbers.

Passengers on the train were not molested. Parties here who claim to know, say there was a large amount of money in the express car.

Timberland Syndicate. H. G. McKinley, C. K. Pettigill, Mrs. E. M. Waite and Miss Edwards of La Crosse, Wis., arrived in the city today and are at hotel Willamette.

Mr. McKinley is a distant relative of the president and represents a syndicate owning about 8000 acres of timberlands in Lane county.

Mr. Pettigill is a La Crosse, Wis., lumberman. La Crosse capitalists have large investments in Western Oregon. These young men will examine and make estimates on some of this property.

The ladies of the party, Mrs. Waite being Mr. McKinley's sister, will stop at Salem, while the gentlemen will join the rest of the party bound for Lane county.

An Episcopal Quilt. In the press of local events this paper has failed to give notice of an enterprise by one of the ladies guild of St. Paul's Episcopal church. Mrs. J. R. Fairbank has, with some assistance, completed a beautiful silk quilt on which chances are sold at 25 cents each. It is an artistic piece of needlework in gold upon black, and ladies who wish to take a chance should send Mrs. Fairbank a two-bit piece.

Will Grind. The Salem mill started today for a weeks run on flour to fill pressing orders after which the mill will shut down for several weeks.

WASHINGTON, July 12.--Adjutant General received today a dispatch from Santiago, announcing the death from yellow fever of Captain Thomas M. Woolruff, adjutant of the Fifteenth infantry.

WASHINGTON, July 12.--The president today appointed Col. Alfred E. Bates, paymaster-general of the army, to succeed General Asa B. Carr, retired.

Deck Hands Struck. Yesterday while the steamer City of Eugene was at Brown's Island, about to load a large lot of cottonwood her crew struck and refused to load the freight, whereupon they were informed that there were "other" men and they could get their money by applying at the head office, in the cabin. The captain, engineer and pilot, nothing daunted, finished loading the freight and the steamer proceeded on her journey. When a few deck hands imagine that they can do up as enterprising a force of officers as operate the City of Eugene they get fooled.

The captain of the Eugene thinks they will be able to run on the upper river all summer, and has confidence that the new craft can run the entire season.

The striking deck hands walked to Salem last night and went to Portland this morning on the Pamona. They all speak in the highest praise of the Eugene as a fine craft for hauling freight and of her extraordinary proclivities of backing off bars.

By Associated Press to the Journal. NEW ORLEANS, July 12.--The Pinyune prints the following: News of the gravest import from Guatemala was brought to this city by steamship Breakwater:

"Just before sailing for New Orleans," said one of the passengers, "I was informed by several persons, that Germany and England would shortly make a naval demonstration on the two leading ports of the Republic of Guatemala."

I learned that a large amount of bonds have been issued by Guatemala and held by German and English interests and have been practically repudiated and the bondholders have protested vigorously to their governments."

LILLE, France, July 12.--Serious rioting has followed the acquittal of Father Flamidien, of the school of the Christian Brotherhood here who was charged with murdering a boy in that institution. A thousand persons paraded the streets, shouting "down with Jesuits."

SUEZ, July 12.--The cruiser Olympia from Columbia, Ceylon, June 28 has arrived. Admiral Dewey said he was in very good health. He appeared in excellent condition which was also the case with his officers and men, most of them have suffered from malarial fever but have now recovered. The Olympia has been quarantined.

Klondikers Returning. SEATTLE, July 12.--The steamer Humboldt arrived from Alaska this afternoon with 150 passengers from Dawson, who added over a hundred thousand dollars to the gold receipts from Klondike.

The steamer Queen arrived with more than 100 returning miners from the Klondike. They brought \$750,000 in gold dust and report that the output from Dawson this season will be double that of last year.

The Wallace Cases. WALLACE, July 12.--The defense made several attempts in a number of forms to secure the evidence taken before the coroners jury, but all attempts have failed. Burch was on the stand undergoing a cross examination, but little was gained.
